

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Currently Amended) A printer cartridge for an inkjet printer including:
a printing fluid storage;
a printhead in fluid communication with the printing fluid storage; and
an assembly auxiliary to the printhead arranged to selectively perform three or more differing functions for the printhead, the differing functions at least including blotting the printhead, capping the printhead or and act acting as a platen for the printhead.
2. (Cancelled)
3. (Previously Amended) A printer cartridge according to claim 1, wherein the assembly auxiliary to the printhead includes a rotatable member coupled to the printer cartridge adjacent the printhead.
4. (Original) A printer cartridge according to claim 3, wherein the rotatable member includes a number of faces each configured to perform a corresponding one of said differing functions.
5. (Original) A printer cartridge according to claim 4, including engagement means fastened to the rotatable member for engagement by a mechanism of the inkjet printer for selectively bringing the operational faces into cooperation with the printhead.
6. (Original) A printer cartridge according to claim 5 further including biasing means arranged to normally bias a face of the rotatable member against the printhead.
7. (Original) A printer cartridge according to claim 1, wherein the printhead comprises a pagewidth printhead.
